# 》 RACLET, 》 FOR ALL 》 STYLES!

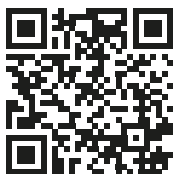

Our trailer tents adapt to all camping styles with 2 ranges: a touring range and a residential range.

To help you make your choice, in our catalogue you'll find the specifications, fittings and options for each model.

For additional information on our products, please check out our website:

[www.raclet-trailertents.com](http://www.raclet-trailertents.com)

You'll also find our list of dealers.

See how to manoeuvre and set up all our models on our YouTube channel by scanning the QR code or going to [youtube.com/user/RacletTV](https://youtube.com/user/RacletTV)

Install an application on your smartphone to read QR Codes. You can then access our videos in a single click.

# RACLET: EXPERIENCE

## RACLET IS THE LEADING FRENCH MANUFACTURER OF TRAILER TENTS.

Raclet has over 70 years' experience in manufacturing camping equipment. We use only the best components to ensure our products last the test of time: top quality outdoor treated cotton, stitching with unbreakable thread, YKK zips, Trigano and AL-KO axles, galvanised chassis and more. Most models come with an inbuilt awning groundsheet for complete protection against the damp and insects.

## RACLET FOLDING CARAVANS COMBINE ALL THE COMFORTS OF A MODERN CARAVAN WITH THE PLEASURE OF HOLIDAYING IN A TENT.

They are tents that are built into trailers. They are easy to fold and pitch in just a few simple movements. They have one or more bedrooms, as well as an awning, the size of which varies depending on the chosen model and intended purpose. Whether they are for two people or a whole family, Raclet products cater for all your needs in terms of comfort and practicality, to make your camping holidays pleasant and enjoyable and leave you with some great memories.

## 70 YEARS

For 70 years, Raclet's key asset has been its know-how, and it has never ceased to improve its products.

## YKK

All our zips are YKK, for greater strength.

## OK

Enjoy carefree holidays with all the reliability and convenience of Raclet products.

# 》 RACLET: A GUARANTEE OF QUALITY

**TEXYLOOP®**  
A CLOSELOOP INDUSTRY

In order to implement a certified environmental approach and manage the life cycle of our products, **Raclet has joined with Texyloop, a collection organisation, to recycle 100% of our PVC canvases.**

Recycling is currently the only effective way of limiting our environmental impact and reducing the amount of waste produced. Every ton of new raw material produced by Texyloop recycling gives a corresponding saving in resources and energy. Texyloop is a fully operational industrial recycling process at the heart of a Europe-wide collection network. Texyloop enables 100% recycling of textile components and promotes the emergence of activities for reusing the materials in new applications.

## EUROPEAN CERTIFICATION

All our trailer tents are approved to the applicable European standards and perfectly meet all the latest road safety requirements. It is therefore possible to use our trailer tents within all EU member countries.
